1968 VOLUME XVI
OXFORD HIGH SCHOOL
Oxford, Mississippi

Our high school days are filled with cherished times. Some you remember more than others, such as that important game you wanted so much to win, your first school dance, the class parties, the thrill of being a senior, and at last the wonderful feeling of accomplishment when that coveted diploma is placed in your hand.

The staff of the 1968 COLONEL CLAN have tried to preserve for you through pictures, these times, the important and the not so important, of days at Oxford High School.

We want to take this opportunity to thank all who were so helpful in making this yearbook possible, especially our advisor, Mrs. Margaret Dallmann.

In the years to come this book, although having lost its immediate value, will become an adult's means of remembering those special times at O.H.S.

SCHOOL BOARD — L-R. Mr. Will Hickman, Mr. E. M. Morgan, Secretary, Dr. Lewis Nobles, Mr. A. T. Bunch, President, Mr. James Downs, Mr. W. N. Lovelady, and Mr. W. C. Leech, Superintendent.

Oxford School Board

Meeting regularly once a month, the school board has made many plans during the 1967-68 school year. Busy members take time from their various occupations to plan the school program. They form the vital link between the community and the schools.

The smooth operation of the Oxford School System is the responsibility of Mr. W. C. Leech, our superintendent of schools. Mr. Leech, who is considered one of the top administrators of this area, has been with us for three years now. In spite of his crowded schedule, he can always find time to help any student or teacher when help is needed.

Mr. W. C. Leech
Superintendent

Administration

Mr. M. W. Fondren
Principal

Mr. Fondren came to O.H.S. in 1965. He is well equipped for his tremendous job as principal not only with his efficient manner but also his good sense of humor. To Mr. Fondren, who has come through the doors at dawn and often stayed until long after dark, working hard that we might have the best, we say, "Thank you."

One can turn any corner, glance down any corridor, and find our friend, Coach Sanders. There is no problem too small for him to listen quietly and diagnose the trouble. If he does not have the solution, one always rests assured that there is someone who cares.

His personality reaches into the heart of each student. To know Coach Sanders is to love and respect him as a friend and as assistant principal of O.H.S.

Coach Bobby Sanders
Assistant Principal

Dedication

Mrs. Keye

It is an honor to pay tribute to one who has become such a genuine part of Oxford High School. Her interest in her students and her eagerness to help them have endeared her to all who have come under her influence. Because she means so much to so many, we, the annual staff of O.H.S., dedicate the 1968 Colonel Clan to Mrs. Keye.

Tommy Boatright Molissia Lovelady

Molissia Lovelady

This year's Miss OHS is undoubtedly one of the most outstanding students Oxford High has ever had. To illustrate Molissia's definite quality of leadership and responsibility, she was elected to serve OHS as it's student body secretary for the 1965-66 year. This quality is also shown in her being elected as an OHS cheerleader for the last two years. Molissia's popularity is proven in her being elected to the Who's Who for two previous years.

Tommy Boatright

Tommy Boatright, this year's Mr. OHS, is known for his leadership, good sportsmanship, and good humor. Tommy, better known as "Bone," has been chosen to serve our student body as its president for the 1967-68 term. He was elected as the class president his junior year. Tommy is well liked by his fellow students as shown by his being elected to the Who's Who for the past three years.

goes to school

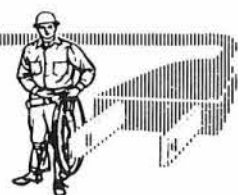

One of the most exciting current developments in education is the increasing role that electricity plays in schools. Schools are not only *looking* modern, they *are* modern when electricity is used for all energy purposes.

It's *important* that the right type and amount of light be in the classroom . . . that students are comfortable with efficient heating and air conditioning systems . . . that school cafeteria facilities are safe and dependable . . . and that electricity is there to power the many new teaching aids.

We salute this area's schools, and we're proud of the part electricity plays in your child's education.

NORTHEAST POWER ASSN.

Oxford, Miss.

pardon
our inky
fingers

we've been figuring ways to keep your electric rates low!

**Low-cost ELECTRICITY is still
your biggest bargain**

And we've done pretty well so far. Your average cost of electricity here remains less than half the national average. This means that you can afford to use twice the amount of electricity (and you do!) as the average American to provide more comfort and convenience.

We don't mind our ink-smudged fingers as long as we can work out ways to furnish you electricity at low cost. That's why we're in business.
